

FY04 Experimentation Plan

The Army at War . . . And Transforming

The AT-CDEP supports:

- Joint Concepts and Prototype Development
- Co-sponsored Joint Wargames
- Multi-echelon Experimentation in a Distributed Environment
- Other Services Experimentation

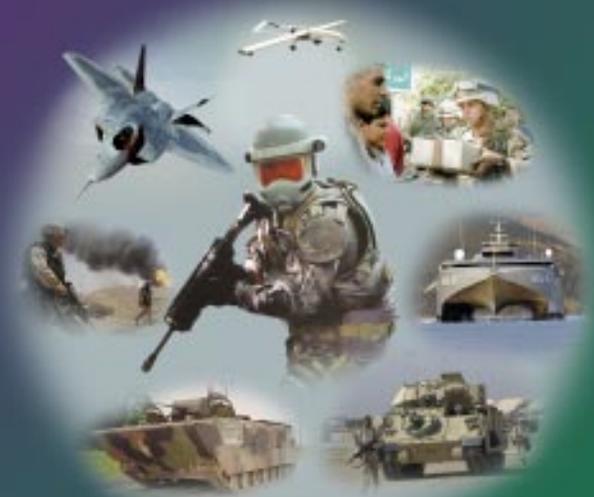

Developing the Unit of Action
and the Unit of Employment will:

- Develop Future Army Capabilities as part of a Future Joint Force
- Provide Modular/Tailorable Force Packages
- Enhance Distributed Planning and Execution of Joint Warfighting Capabilities
- Leverage Insights and Inform the Current Force
